NEWS ABOUT THE ACADEMY AWARDS

The Academy Awards, mostly known as the Oscars, are awards for artistic and technical merit in the film industry. This year they have been given for the 92nd time. There are 24 awards given, such as “Best actor, best actress, best director, best-animated feature” and many more.

A surprising winner was Parasite, a film nominee from South Korea, which won the “Best Picture Award”, and became the first International Feature Film nominee and winner. Parasite has won 4 awards including “Best Picture and Best Original Screenplay. “Irishman” was nominated for 10 categories, but did not win any awards which was an unexpected situation because people were certain it would win some awards.

Leonardo DiCaprio did not win the “Best Actor” awards for his acting in the movie “Once Upon A Time In Hollywood”, but his co-worker Brad Pitt won “Best Supporting Actor” with his role as “Cliff Booth”. “Best Supporting Actress” was given to Laura Dern for her acting in the movie “Marriage Story”, this was her first Oscar.

”Best Actor” was won by Joaquin Phoenix which played the character Joker in the movie “Joker”. This was his first Oscar. Renée Zellweger won the “Best Actress” award in the movie “Judy”, this was also her first Oscar.

Bong Joon-ho has won “Best Director” with his movie Parasite. “Best Original Music Score” was given to Hildur Guonadottir for the movie Joker. She was the first female composer to take home this oscar in more than 20 years. (I’m Gonna) Love Me Again won “Best Original Song”, this song was written by Bernie Taupin and was performed by Elton John.

INTERVIEW WITH OUR LOVELY PGA AND DSG

ELİF GÜLŞEN KAYA

What is the best part of ACMUN'20 ?

If I had to choose something, it would be the updates that are being sent to our committees. I believe our delegates enjoyed them a lot.

What is the unforgettable moment of ACMUN'20 ?

I think I will never forget about the preparation process as a whole. Some people had to do allocations until 8 a.m., without even sleeping. It certainly made us go crazy at times, but it was enjoyable nevertheless.

What was the hardest moment for you ?

Probably the second day, since we had to check and print out the resolutions for the GA committees. It was a chaotic moment we had together as the organising team.

How did your MUN journey begin?

With the guidance of the Executive Board of ACMUN'19, I started to be interested in MUN conferences. I can not thank them enough for introducing me to this wonderful activity. I was placed in the UNSC for my first time. I did not talk for two sessions! However, at the third session, I had to talk. After that, I made sure to talk at least 4 times in a session.

ZEYNEP DAŞKIN

If you could change anything about MUN what would it be ?

I guess it would be the special and fantasy committees. These committees distort the actual UN committees which are supposed to be similar to the UN committees as possible.

What is the most beneficial aspect of MUN conferences?

I think it's how much network you can create by just being nice to people and the fact that you can get so much more confident just by speaking in front of people.

As a PGA, what have you done so far?(What is your duty exactly?)

As a PGA I have ruled the opening ceremony. I checked every resolution with my resolution team. I printed them out and checked the committees, and now I'm ruling the plenary and I'm also chairing the closing ceremony.
